

**TAKE A
A STAND**

JOIN US NOW!

It's time to take a stand for Europe, and indeed for the whole world. Time to create a movement encouraging social cohesion in our society, promoting awareness and tolerance for all cultures, genders, races, religions, sexual orientations, colours and origins. To motivate people to participate in politics and social activities, to speak up for peaceful dialogue, humanism, tolerance and mutual understanding, to make the world a better place for every single individual and for all of us.

**Speak Up! Be Active! Show Solidarity!
Be Open Minded! Tolerate & Respect!**
